Right Women PAC Endorses Heidi St. John in Washington's Third Congressional District

WASHINGTON, DC – Right Women PAC announced today its endorsement of Heidi St. John, candidate for Washington State's Third Congressional District.

Heidi St. John is following her famous advice to "Get off the bench." After much prayer, and with the full support of her husband and family, this well-known speaker, author, and leader has jumped into the race for the Congressional seat representing the area her family has lived in for four generations.

A wife, mother of seven, and grandmother, as well as a businesswoman and popular podcast host, Heidi understands the struggles that Washingtonians are facing. She feels the same alarm they do as we watch our precious freedoms being rapidly stripped away by the radical left. Heidi has experienced firsthand censorship by social media simply because she is a conservative and has unyieldingly supported President Trump and his America First movement.

"Already a trusted leader whose deep Christian faith and patriotism are always on display, Heidi is what we need in Congress – a woman of her word, a candidate who will do what she promises," said Debbie Meadows, Executive Director of Right Women PAC.

Heidi is a commonsense conservative who understands that missteps in Washington, DC often have painful consequences for everyday Americans. She sees the rising costs of gas and heating and knows those escalating costs are the direct result of the current administration's misguided policies that make our nation dependent on foreign oil. And Heidi recognizes the dangers of the taxpayer-funded public schools' indoctrination programs, which teach the younger generations to hate America.

"America needs patriots like Heidi to help us get America back on track and stop the dangerous creep of socialism," said Right Women Board Member Elaine Norman.

Right Women PAC's mission is simple and strategic: to help elect genuinely conservative women to Congress. Right Women only endorses women candidates who demonstrate they are: ***pro-Constitution, pro-life, supportive of President Trump's Make America Great Again agenda, staunch defenders of the Second Amendment and law enforcement agents, and advocates for border security, religious freedom, Israel, and our veterans.***
